## In-Kind Match

Community Juvenile Services Boards funding awards will be met with a fifteen percent (15%) in kind match from non-state funds. The match may include donations of expendable equipment, office supplies, workshop or education and training materials, workspace, or the monetary value of time contributed by professional and technical personnel and other skilled and unskilled labor, if the services provided are an integral and necessary part of the CJSB. The value placed on loaned or donated equipment may not exceed its fair market/rental value. The value placed on donated services must be consistent with the rate of compensation paid for similar work in the organization or the labor market. Fringe benefits may be included in the valuation. Volunteer services must be documented and, to the extent feasible, supported by the same valuation methods used by the recipient organization for its own employees. The value of donated space may not exceed the fair rental value of comparable space, as established by an independent appraisal of comparable space and facilities in a privately owned building in the same locality. The value for donated fungible goods shall be reasonable and not exceed the fair market value at the time of the donation. The basis for determining the value of personal services, materials, equipment, and space must be documented.
